

Saving Photos as a PDF (to get your work marked by your teacher)

You have completed a physical exam paper or a piece of work in your notebook. To upload this for marking to your teacher you can use an app called **Notes** (this app is FREE on iPads and iPhones). Please note: this will only work on an iPad / iPhone

In your Notes app:

1. Tap on the Camera icon
2. Tap on 'Scan Documents'
3. Take a photo of your work
4. Crop your work using the handles (make sure you can see your answers)
5. Tap 'Keep Scan' (at the bottom right) if you are happy with your photo
6. If you have more work to show your teacher, take another photo.
7. When you are finished tap on 'Save'.
